### **Business Activities and Products**

Currently the Company only offers foreign exchange currency pairs to U.S. retail customers in its capacity as a retail foreign exchange dealer. Trading.com conducts its business from its office in New York. The Company has committed 100% of its capital to its forex activity.

### **Types of Customers**

Retail customers that are U.S. residents

### **Markets and Currencies traded**

Foreign exchange currency pairs that are traded over-the-counter and not on a centralized designated contract market.

### **Prime Brokers and/or Liquidity Providers**

Trading.com utilises Standard Chartered Bank as its Prime Broker for its foreign exchange business. Policies and Procedures concerning the choice of bank depositories, custodians, and counterparties

The Company's policy is to maintain its operational and customer accounts at large and highly reputable financial institutions. Before entering into any relationship with a financial institution, Trading.com undertakes a thorough review of the institution's financial performance, its credit rating as issued by major credit rating agencies as well as the institution's regulatory history. Customer funds are only deposited with US top tier financial institutions and are diversified to reduce exposure to a single counterparty.

### **Material Risks of acting as ECP counterparty**

Currently Trading.com does not interact with ECP counterparties as defined in Section 1a(18) of the Act. Therefore, there are no material risks with respect to ECPs.

### **Material complaints or actions**

Trading.com is required to disclose any pending material, administrative, civil, enforcement or criminal complaints or actions filed against it during the last three years. Currently, the Company does not have any type of material complaints or actions filed against it. For more information on regulatory complaint issues, please visit <https://www.nfa.futures.org/basicnet/>.
